Hospital Project Team**  
(Submit a completed form for each team)

Hospital Name: \_\_\_\_\_ Unit Team: \_\_\_\_\_

The project team will work to develop, evaluate and improve a process. It is important to involve those that are directly working with the process. Include unit leaders, educators and direct care providers who routinely work in the area. It is recommended to involve different disciplines (physician, nurse, etc.). Choose individuals who are respected by their peers. Consider it a workgroup.
